

Privacy Policy

Last updated: 28.07.2026

This Policy explains what personal data ZeonIT LLC (“ZionX”, “we”) processes when you use the zionx.dev website, for what purposes and on what grounds. We follow data-minimization principles and a GDPR-aligned approach.

1. Data controller

The controller is ZeonIT LLC, Bishkek, Kyrgyz Republic.

For any question about the processing of personal data, reach us on Telegram [@zeon_adis](https://t.me/zeon_adis) or by phone at +996 708 666 227.

2. What we collect

Contact-form data: company or name, organization type, project type, contact (email, Telegram or WhatsApp) and your message — only what you provide voluntarily.

Technical data: to select the interface language your IP address is sent to a third-party geo service that returns a country code. We do not store the IP address.

Browser local storage: the chosen language and country code are kept in localStorage for convenience on return visits. These are not cookies and are not sent to us.

3. Purposes

Handling and replying to enquiries you submit through the site form.

Choosing the interface language based on the visiting country.

Keeping the site functional and secure.

4. Legal grounds

By submitting the form you consent to the processing of the listed data for the purpose of answering your enquiry.

Language selection and site security rely on our legitimate interest in operating the service correctly.

5. Disclosure to third parties

Form submissions are delivered to our internal work chat via the Telegram Bot API; only the form content is transmitted.

A third-party geo service is used to resolve country from IP. Your IP is processed by that service at request time under its own policy.

We do not sell or share your data with third parties for advertising.

6. Retention and security

Enquiries are kept only as long as needed to handle the request and follow-up communication, then deleted.

The site runs over HTTPS. Service credentials are held on the server only and never reach the browser.

7. Your rights

You may request access to your data, its correction or deletion, and may withdraw consent or object to processing.

To exercise these rights, message us on Telegram @zeon_adis and we will respond within a reasonable time.

8. Cookies and local storage

The site uses no advertising or tracking cookies. The chosen language and country code are stored in the browser's localStorage, which you can clear in your browser settings at any time.

9. Changes to this Policy

We may update this Policy. The current version is always available on the site with its last-updated date.

10. Contact

ZeonIT LLC, Bishkek, Kyrgyz Republic.
